

Johnny Cash, I Will Miss You When You Go

I will miss you when you go much more than you'll ever know
But I'll have a memory to keep you near
In my heart you will remain but it just won't be the same
I will miss a million things that make you dear
Your lovely ways make you so sweet I prayed the angels fair will keep
You're happiness so you'll be blessed just as you deserve to be
I wonder why there are so few lovely people like you
My but I will surely miss you when you go
[steel]
Your lovely ways make you...
