

# Johnny Cash, My Ship Will Sail (Album Version)

Life is just a passing moment  
On an neverending trail  
Though my pathway wanders for awhile  
Someday my ship will sail

But I will walk this road awhile  
I will walk it with a smile  
And I will take it in my stride  
Someday I'll be satisfied  
I will walk this road awhile  
I will walk it with a smile  
I will take it in my stride  
Someday I'll be satisfied

There's eternity before me

Just beyond the dark'ning veil  
O my spirit hungers to go on  
Someday my ship will sail

But I will walk this road awhile  
I will walk it with a smile  
And I will take it in my stride  
Someday I'll be satisfied  
I will walk this road awhile  
I will walk it with a smile  
I will take it in my stride  
Someday I'll be satisfied  
I will walk this road awhile  
I will walk it with a smile  
(fading out)I will take...
