

Johnny Cash, Time Changes Everything

Time has passed I've forgotten mother nature does wonderful things
I thought nothing could stop me from loving you but time changes everything
You can change the name of an old song rearrange it and make it swing
I thought nothing could stop me from loving you but time changes everything
[fiddle - steel]
Goodbye goodluck may God bless you I don't say I won't love again
I guess that it's true for me and for you that time changes everything
