

# Johnny Cash, You Won't Have Far To Go

I can see now that you've stacked the cards so I leave you with my best regards  
When you play to feel with nothing left to show look for me you won't have far to go  
Love's a gamble and I'm a gamblin' man I've done everything to make you understand  
But the odds are high and luck is running low look for me you won't have far to go  
You won't have far to go if you want me cause I'm gonna stick close to you  
And I'm not the kind to say I told you so look for me you won't have far to go  
[ guitar ]  
You won't have far to go...
