

# Johnny Mathis, Stairway To The Sea

(Enzo Bonagura, Albert Askew Beach, and Giuseppe Cioffi)

Deep in the night  
I climb the stairway to the sea  
And pretend you are there beside me  
So close beside me, watching the sea  
I see us there upon the stairway to the sea  
Where the mist softly kissed two lovers  
Hiding from others our love by the sea

Why try to find a new love  
When your voice keeps calling me  
I'm just a lonely pris'ner  
Of the stairway to the sea  
And there you'll find me waiting  
For the day of your return  
But till that day how memories can burn

This is my prayer upon the stairway to the sea  
That you soon will be there before me  
Whisp'ring "Adore me" there by the sea

And there you'll find me waiting  
For the day of your return  
But till that day how memories can burn

This is my prayer  
Upon the stairway to the sea  
That you soon will be there before me  
Whisp'ring "Adore me" there by the sea

There by the sea  
There by the sea
