

Johnny Tillotson, Princess Princess

Princess, Princess, Princess, my love

Princess, Princess, you're a dream
Cutest girl I've ever seen
You were sent from up above
To hold my hand and give me love

Princess, Princess, when you kiss
You're so sweet, I can't resist
You make all my dreams come true
Princess, I'm in love with you

Each time you're near me
My heart's in a whirl
I feel so happy
When you tell me you're my girl

Princess, Princess, cross my heart
Hope that we will never part
Promise me that you'll be mine
An' that you'll love me all the time

Princess, Princess, Princess, my love

Princess, Princess, I'll be true
I'll give all my love to you
You're the girl that I dream of
Princess, I'm so much in love

With your blue eyes
Your soft, tender touch
Your angel sweetness
I love you much too much

Princess, Princess, you're a dream
Cutest girl I've ever seen
You were sent from up above
Princess, Princess, you're my love

Princess, Princess, Princess, my love

Princess, Princess, Princess.....FADE
