

# Johnny Tillotson, Willow Tree

(Willow willow) weeping willow willow willow weep for me

I found my love neath the willow tree  
Her kiss was sweet as a kiss could be  
And oh she loved me tenderly beneath the willow tree  
Willow willow weeping willow willow willow weep for me

And then one day neath the willow tree  
My own true love said goodbye to me  
So I told my troubles to the tree now the willow weeps for me  
Willow willow weeping willow willow willow weep for me

Now here I am neath the willow tree  
In hopes my love will return to me  
And as I wait here patiently the willow weeps for me  
Willow willow weeping willow willow willow weep for me
