

Johnta Austin, Dope Fiend

[Intro:]

Ha, You know girl,
This just aint that normal kind of love, you know?
It's, it's different, you know? (oh baby)
its um (said I need you baby)
You know its something like
Something I've never had before,
And I just gotta tell you baby
I need you man like
Just like a fiend need
You know that one more hit...

[Verse 1:]

Dont know what it is
Everytime I'm with you
I feel like I'm on pills
Especially when I kiss you
When I touch your skin
I can feel my body numb
Girl you got me twisted
Let a nigga hit it

[Hook:]

You make me high
I just don't believe how
I touch the sky
If everytime you come and put your hands on me
Look in my eyes
Girl I'm so thrown
Turn it up
Oh your love is so strong

[Chorus: x2]

Dope fiend, dope fiend
I'm just like a dope fiend
When it comes to your love
Girl I'm like a junky
Dedicated to your drug
Baby let me get some
Smoke you, snort you, shoot you in my system

[Verse 2:]

Can't nobody touch ya
Cuz you are like no other
Straight up hustler
I'm your favorite customer
Gimme a dime (hell no)
Gimme a dub
Girl lets go to rehab
Rehabs in the tub

[Hook:]

You make me high
I just don't believe how
I touch the sky
If everytime you come and put your hands on me
Look in my eyes
Girl I'm so thrown
Turn it up
Oh your love is so strong

[Chorus:]

Dope fiend, dope fiend
I'm just like a dope fiend

When it comes to your love
Girl I'm like a junky
Dedicated to your drug
Baby let me get some
Smoke you, snort you, shoot you in my system

[Bridge:]
Girl I can't wait
You know I need a hit
If I don't get it
You know I'm gon be sick
So baby come over
Come on over
Don't act funny now
You know what I want
I want that good ol' love (right here, right now)
I need that good ol' love (anyway and anyhow)
I want that good ol' love (anyday and anynight)
Cuz it makes me feel alright

[Chorus: til fade]
