

# Joji, Die For You

Swear I couldn't sleep a wink last night  
No point in turning off the lights  
Not the same without your head on my shoulders  
Growing pains, but I don't wanna get older  
Almost like we left it all on read  
A couple feelings that were laid to rest  
Didn't know that the party was over  
And it's true that I need you, get closer

Burning photos, had to learn to let go  
I used to weep  
Somebody in another skin (Another skin)

I heard that you're happy without me  
And I hope it's true (I hope, I hope it's true)  
It kills me a little, that's okay  
'Cause I'd die for you  
You know I'd still die for you

I hope you're getting everything you needed  
Found the puzzle piece and feel completed  
Just wanted you to know every reason  
Hope you really know that I mean that  
I couldn't see the forest from the trees  
The only time we speak is in my dreams

Burning photos, had to learn to let go  
I used to weep  
Somebody in another skin (Another skin)

I heard that you're happy without me  
And I hope it's true (I hope, I hope it's true)  
It kills me a little, that's okay  
'Cause I'd die for you  
You know I'd still die for you
