

# Jon B., I Ain't Goin Out

They're callin me up what's the move  
What time am I linkin up with the crew  
It's supposed to be lined up the place is packed  
But I got somethin holdin me back  
See my babys got some other arrangements  
So I might have to miss y'all's engagements  
Yes I am sorry but I'm goin out like that yeah  
Cause tonight see it's on  
There ain't nothin goin on but love  
Yes tonight I'd rather be gettin down  
In the bedroom instead of the town  
Fellas I ain't goin out  
Cause my old ladies showin me how  
She likes to keep me in the house to do my homework  
She's speakin that we can make love  
And won't stop until we get enough  
So that sure as hell means  
That I ain't goin no where  
So what's cookin up in your pot  
Got somethin heatin up gettin hot  
And if my boys knew what I know about her  
They'd be callin up sick to work  
Yeah cause she's the kind of woman  
Who loves to please her man  
Try to get some every chance I can  
Yes I'm sorry but I'm goin out like that yeah  
Cause tonight see it's on

There ain't nothin goin on but love  
Yes tonight I'd rather be gettin down  
In the bedroom instead of the town  
Fellas I ain't goin out  
Cause my old ladies showin me how  
She likes to keep me in the house to do my homework  
She's speakin that we can make love  
And won't stop until we get enough  
So that sure as hell means  
That I ain't goin no where  
Yeah it don't take alot of convincing  
To keep me home with her  
Cause the love she gives  
Is so damn good  
I don't want to go no where  
Ooh I can't leave tonight  
Cause my baby she does it right  
Fellows I ain't goin out  
Cause my old ladies showin me how  
She likes to keep me in the house to do my homework  
She's speakin that we can make love  
And won't stop until we get enough  
So that sure as hell means  
That I ain't goin no where  
(repeat to fade)
