

# Jon B, They Don't Know

Heard about my past  
Things I used to do  
The games I used to play  
The girls that didn't last  
I know what's on your mind  
You think I'm doing wrong  
Can I say what is real  
You are the only one  
When I'm not around  
Do you think of me  
Or what the jealous ones  
Are claiming me to be  
You should know by now  
That it's gonna take  
A lot of trust from you  
For us to make it through

[Bridge:]  
You should know baby you're my angel  
Nothing's gonna make you fall from heaven  
Girl I just want to love you Love you

[Chorus:]  
Don't listen to what people say  
They don't know about you and me  
Put it out your mind cause it's jealousy  
They don't know about this here  
Don't listen to what people say  
They don't know about you and me  
Put it out your mind cause it's jealousy  
They don't know about this here

Girl lets talk about  
What your friends told you  
That I'm a selfish man  
Want my cake and eat it to  
Maybe in my past  
But you changed me now  
Now that I've learned to love  
It's you that showed me how  
Your love so real  
I'd be a fool to play  
Play around on you  
I want to stay with you  
You should know by now  
That it's gonna take  
A lot of trust from you  
For us to make it through

[Bridge:]  
You should know baby you're my angel  
Nothing's gonna make you fall from heaven  
Girl I just want to love you Love you

[Chorus:]  
Don't listen to what people say  
They don't know about you and me  
Put it out your mind cause it's jealousy  
They don't know about this here  
Don't listen to what people say  
They don't know about you and me  
Put it out your mind cause it's jealousy  
They don't know about this here

[Repeat Chorus]
