

# Jon Bon Jovi, Talking In Your Sleep

Another lonely night, on the telephone we talk  
When will the lightening strike, the thundering roar  
Pretending that you miss the touch of my caress  
But our lips never met, cause one kiss could never last  
Locked up inside your room  
You play your lover's tunes  
You dance all night, but you run out of moves  
You're so close but out of reach  
Your voice is haunting me

You've been talking in your sleep again  
You talk in your sleep baby  
You're talking in your sleep again  
You talk in your sleep

You play so hard to get  
I know you'll never change your ways  
You make the minutes seem like hours  
The hours seem like days  
You know I'll come when you whisper  
I'll run when you call  
And when I'm calling out to you  
Oh baby, I got no replies at all  
This hide and seek were playing  
Is such a vicious game  
But it don't matter what you say  
I love you anyway

Cause you've been talking in your sleep again  
You talk in your sleep baby  
You're talking in your sleep again  
You talk in your sleep

You've been talking in your sleep again  
You talk in your sleep

You've been talking in your sleep again  
Talking in your sleep  
You've been talking in your sleep again  
You talk in your sleep baby  
Talking in your sleep again  
You talk in your sleep  
You've been talking in your sleep again  
You talk in your sleep baby  
Talking in your sleep again  
You talk in your sleep
