

Jon McLaughlin, Already In

It's you to me
Your gentle face
Overdue, worth the wait
And out of my reach
But I'm reaching out for you
Me to the night
I say goodbye
The time is up
I fight the time
A needed award
I can't afford
A finished song
One more cord

And it's already in my mind
I'm in over my head inside
And it's already in my mind
Inside
Inside

Everyone's back
Hearts at war
With all the plans I had before
And I'm losing my grip
But, I'd lose it all for you
So I go driving all around
And I'm denying all the sounds that hit my ear
Drum the beat of a heart I can't defeat

And so it's already in my mind
I'm in over my head inside
And it's already in my mind
Inside
Inside

Already in
Already in
