

# Jon McLaughlin, Smack Into You

Head down as I watch my feet take turns hitting the ground  
Eyes shut, I find myself in love racing the Earth  
And I'm soaked in your love ,oh  
And love was right in my path, in my grasp  
And me and you,belong  
I wanna run, run smack into you  
I wanna run, run smack into you  
Ears closed...what I hear no one else has to know  
'cause I know that what we have is worth first place and gold  
And I'm soaked in your love,oh  
And love was right in my path, in my grasp  
And me and you, belong  
And I  
I wanna run, run smack into you  
I willing to run, run smack into you  
ooooo hooooo...  
ooooo hooooo...  
Head down as I watch my feet take turns hitting the ground  
I should, I'm in love and I'm racing the Earth  
And I'm soaked in your love ,oh  
And love is right in my path ,in my grasp  
And me and you,belong  
Oh, I wanna run, run smack into you  
I'm willing to run, run smack into you  
I'm willing to run and run and run and run  
Oh Oh Oh Oh Oh Oh  
I wanna run  
Smack into you  
I'm willing to run  
Smack into you
