

Jon Secada, The Christmas Gift I Want

It's the thought that matters most of all
So this year please give me something simple and small
Wrap the lace and bows around your heart
'Cause you're the only Christmas gift I want

You and me
That's my dream
'Cause you don't mean something to me
You mean it all

Just one wish is on my list
That you'll be my love
'Cause you're the only Christmas gift I want

You and me
That's my dream
'Cause you don't mean something to me
You mean it all

Wrap the lace and bows around your heart
Let the Yuletide angels sing
Let the church bells ring
'Cause you're the only Christmas gift I want
