

Jonas Brothers, 7:05

We had a lot of good times when we were together
And I thought we'd last forever, you and I
Eyeing for so long I couldn't wait to get you're phone call
Dreaming 'bout you makes me feel alright
Tonight you called me on the phone
Said you had to stay at home
Is there something I should know?

I was fine till 7:05
Till she walked out the door and right out of my life
If you're gone ill move on
But it only would have taken two seconds to say
Goodbye (goodbye) Goodbye (goodbye) Goodbye (woahwoo)

The night after you're phone call me and friends were hanging at the mall
I was not believing what I saw
(Whoa) holding hands with him and sitting closer then six inches
Hoping she's not gunna kiss him now

How can I call you a friend, you stood me up in the end
I know that it's over

I was fine till 7:05
Till she walked out the door and right out of my life
If you're gone I'll move on
But it only would of taken two seconds to say
Goodbye (goodbye) Goodbye (goodbye) Goodbye (woahwoo)

Don't keep telling me that yore sorry now
But let me tell you how much this hurts me too
(Yeah ooo)

I was fine till 7:05
Till she walked out the door and right out of my life
If you're gone ill move on
But it only would have taken two seconds to say
Goodbye Goodbye Goodbye (woahwoo)

I was fine till 7:05
Till she walked out the door and right out of my life
If you're gone ill move on
But it only would have taken two seconds to say
Goodbye (goodbye) Goodbye (goodbye) Goodbye (woahwoo)

It only would of taken to seconds to say
(Good bye goodbye) Good bye (good bye) Good Bye (woo)
Goodbye
