

Jonas Brothers, Fly With Me

It's you and me forever
It's you and me right now
It'll be all right
It'll be all right
Chasing stars and losing shadows
Peter Pan and Wendy turned out fine
So won't you fly with me
Oh Yeah
Gonna fly with me now
Now the past can come alive
And give it meaning
And a reason
To give all I can
To believe once again
It's you and me forever
It's you and me right now
It'll be all right
It'll be all right
Chasing stars and losing shadows
Peter Pan and Wendy turned out fine
So won't you fly with me
Oh Yeah
Gonna fly with me now
Maybe you were just a friend
Knowing you were miles away
From the place where you needed to be
And you're right here with me
It's you and me forever
It's you and me right now
It'll be all right
Chasing stars and losing shadows
Peter Pan and Wendy turned out fine
So won't you fly with me
It's you and me forever
It's you and me right now
It'll be all right
It'll be all right
Chasing stars and losing shadows
Peter Pan and Wendy turned out fine
So won't you fly with me
Oh Yeah
Gonna fly with me now
So won't you fly
So won't you fly
So won't you fly with me
