Jonas Brothers, Hollywood

As time was ticking We were winning And it all was going as planned Politicians stand between the lines Of making headlines, street signs Saying you're going the wrong way, fading faster now

You can try to break us and make us fall apart But the fire's in our hearts Reminisce on the memories cuz we're gone

And don't forget to hold back your thoughts And live like robots cuz we all know what goes on Reminisce on the memories cuz we're gone, we're gone, so gone

Fallen soldiers, all around us But we're still standing strong Embarrassing and contradicting Cuz now we're making headlines, prime time Saying, what a story, billboards, packed tours, don't forget

You can try to break us and make us fall apart But the fire's in our hearts Reminisce on the memories cuz we're gone

And don't forget to hold back your thoughts And live like robots cuz we all know what goes on Reminisce on the memories cuz we're gone, we're gone, so gone

And game over, you're done, ooh Out of left field, we won And pack our bags, yeah, we'll run Hollywood, here we come

You can try to break us and make us fall apart But the fire's in our hearts Reminisce on the memories cuz we're gone

And don't forget to hold back your thoughts And live like robots cuz we all know what goes on Reminisce on the memories cuz we're gone, we're gone, so gone

You can try to break us and make us fall apart But the fire's in our hearts Reminisce on the memories cuz we're gone
