

# Jonas Brothers, Still In Love With You

She was all I ever wanted  
She was all I ever needed and more  
Then she walked out my door  
And she went away  
Left my heart in two  
Left me standing here  
Singing all these blues, woo

You left without a single word  
Not even sorry  
It might've hurt worse to hear you say  
I'm leaving, goodbye  
But your smile still makes my heart sing  
Another sad song  
I can't forget it  
Won't regret it  
Cause I'm still in love with you

We had fun under the sun  
And when winter came, she'd be my angel  
We were so in love  
Then she went away  
Left my heart in two  
Left me standing here  
Singing all these blues, yeah

You left without a single word  
Not even sorry  
It might've hurt worse to hear you say  
I'm leaving, goodbye  
But your smile still makes my heart sing  
Another sad song  
I can't forget it  
Won't regret it  
Cause I'm still in love with you  
Still in love with you

I don't know what hurts worse baby  
Seeing you with him  
Or being alone  
On my own  
I know he doesn't love you baby  
Not like I did  
Oh what's the point  
You're not listening anyway

You left without a single word  
Not even sorry  
It might've hurt worse to hear you say  
I'm leaving, goodbye  
But your smile still makes my heart sing  
Another sad song  
I can't forget it  
Won't regret it  
Cause I'm still in love with you

You left without a single word  
Not even sorry  
It might've hurt worse to hear you say  
I'm leaving, goodbye  
But your smile still makes my heart sing  
Another sad song  
I can't forget it  
Won't regret it

Cause I'm still in love with you
