

# Jonathan Fagerlund, Playing Me

I am looking for someone else for something else  
I want the real thing now  
I'm not takin' this whole thing light so don't you try  
To say you're sorry  
Refuse to be your fool  
I refuse to walk that road  
You got nothing I want  
You got nothing I need  
You got nothing so leave  
You've been playin' me  
Don't come runnin' to me  
Don't be beggin' me please  
Don't you come around  
You've been playin' me  
There's no way to describe  
How I'm feeling inside  
There's no way to explain those feelings  
You got nothing I want  
You got nothing I need  
You got nothing so leave  
You've been playin' me  
I know I'm gonna live inside your dreams each night  
You're gonna miss me now  
Maybe think about callin' me 'bout writin' me  
But you've burned your bridges  
Refuse to be your fool  
I refuse to walk that road  
Chorus  
You're fadin' out of my heart into history  
Don't wanna work it out we're through you and me  
Chorus
