

Jonessa Monique, Everything

If i could just have one kiss
I'm positive i'll be in pure bliss
I gotta admit
I've had a crush on you
Yeah..
Many times i should have told you this
But when i see you i just lose it
Oh yes indeed
You swept me off my feet
Have my heart racin'
Racin' yeah..
You have everything a girl could want
Everything a man should BE
If i had you it be so sweet
Let me be your queen
I promise ya
I won't let you down oh no
Give you everything and more
Oh yes everything
It's so amazing
To say take your time and be patient
Yeah..
I'm trying so hard
And i'm giving my all
Don't you understand what i'm saying
You had me from the first converstaion
Yeah..
Now i can't keep my mind off you
You have everything a girl could want
Everything a man should BE
If i had you it be so sweet
Let me be your queen
I promise ya
I won't let you down oh no
Give you everything and more
Oh yes everything
I never thought i'll find someone
That would make me
Make me wanna share my world
Theres just so many times
It's like i've been through it all
Now im ready to
Share with you
If you let me
You have everything a girl could want
Everything a man should BE
If i had you it be so sweet
Let me be your queen
I promise ya
I won't let you down oh no
Give you everything and more
Oh yes everything
If i could just have one kiss..
If i could just have one kiss..
If i could just have one...
