

# Jordin Sparks, For Now

What you gonna do with your life? Everybody keeps asking me. They're only giving me so much time.

Chorus: It's my life, I'm gonna live it in this moment. Take my time, yeah. Let it take me where it's going.

Verse 2: I hang out with a lot of friends. They keep talking 'bout the same old things. They're all looking for me.

(Repeat Chorus)

Bridge: It's my life, I'm gonna live it in this moment. Take my time, yeah. Let it take me where It's going.

(Repeat Chorus) Na, na, na ... What you gonna do with your life? Na, na, na ... I'll get there soon enough.
