

Jordin Sparks, Worth The Wait

I feel, what I've been feeling for you,
Means I am falling for you,
Something's opened up inside of me
And I dream, in shades that only can be
The colors of you and me,
I think we both know what that means

I stand, Inside this promise I made to myself
But I was meant for you

[Chorus]
If I fall, if I break,
If I lose myself in someone,
If I give all I am it will be with you
When I'm ready to take,
All that you want me to give,
It will be worth the wait, worth the wait

It will be worth the wait

My heart, I want to save it for you,
Don't want it broken into pieces,
I need myself to be whole
Could we just sit and talk a while?
Just wanna see you smile,
And feel your sunlight shining over me

[Chorus]
If I fall, if I break,
If I lose myself in someone,
If I give all I am it will be with you
When I'm ready to take,
All that you want me to give,
It will be worth the wait, worth the wait

Worth all the long nights dreaming of forever,
Someday, we will be together
I know it will have been so worth the wait

Please wait for me

[Chorus]
If I fall, if I break,
If I lose myself in someone,
If I give all I am it will be with you yeah
When I'm ready to take,
All that you want me to give,
It will be worth the wait, worth the wait

It will have been so worth the wait, yeah
I will be worth the wait
