## Joseph Arthur, Devil's Broom

In the time when I can't get enough to make it Get me back at the sense that I used to have Waking up in the sun my face down on the pavement Everything that I own in a garbage bag

Where are you? What did I do? Why can't you see? You mean everything to me...to me

Waking up in the tank, disorderly break-up And no one here will even tell me what I did With the guilt and the shame completely vacant It's hard to stay alive when you don't know how to live

Where are you?
What did I do?
Why can't you see?
You mean everything to me...to me

Since you've gone ain't nobody else gonna save me Cause I can't trade a bottle for an empty room I just pray that the lord is gonna come down and take me Sweep me off the floor with the devil's broom

Where are you? What did I do? Why can't you see? You mean everything to me...to me
