

# Josh Golden, Baby Baby

Walk in the room  
I know you see me,  
Cause I can see you  
Take now to breath  
Cause I'm about to take the air out of your lungs  
Show me we'll see how this night will go for you and me  
Cause I'm alone tonight and you know you are too  
So lets make this right  
????????????  
Thats me and you  
Yeah  
Baby baby tell me what your gonna be  
Baby baby show me what your gonna be  
Cause I've been wasting all this time on the move  
Do you feel it too theres no one in the room  
Well it's a little harder than I thought  
The door to your heart is not locked  
Well I guess it's me who needs to breath  
Is it hot in here?  
Is it hot in here?  
Is it just me that sees you?  
Do you see me too?  
Cause your alone tonight  
And I am too  
Can we make this right?  
????????????  
That's me and you  
yeah  
Baby baby tell me what your gonna be  
Baby baby show me what your gonna be  
Cause I've been wasting all this time on the move  
Do you feel it too theres no one in the room  
And I was like  
And you were like  
And we were like let's go dancing  
we'll skip a step or two  
Cause I'm through with these games  
oh  
Baby baby girl I need you  
Baby baby you need me too  
And everything will be just fine when I'm with you  
When you do like you do
