

Josh Groban, Granted

Have you ever felt it all could go away if you blink
If you never stop running you won't fall behind, so you think
And you wonder in your heart if you're still not who you are
Who are you?
Nothing's as it seems till it all falls apart

if you have a dream go chase it
if you feel hope don't waste it
if you find love embrace it
never take a single breath for granted

the story's yours go write it
tomorrow's undecided
our days are counted on this planet
never take a single breath for granted

maybe it's time you bet on yourself
listen to your heart
just listen to your heart and nobody else
so, go find out who you are
only you know who you are
who are you?
cause all you have to lose is your best life yet
so go ahead

if you have a dream go chase it
if you feel hope don't waste it
if you find love embrace it
never take a single breath for granted

the story's yours go write it
tomorrow's undecided
our days are counted on this planet
never take a single breath for granted

sometimes the greatest moments we'll know are when we're letting go
so let go!
and maybe our brightest days still wait for us in the unknown

if you have a dream go chase it
if you feel hope don't waste it
if you find love embrace it
never take a single breath for granted

if you have a light go find it
the story's yours go write it
our days are counted on this planet

if you have a dream go chase it
if you feel hope don't waste it
if you find love embrace it
never take a single breath for granted
