

# Josh Kelley, Just Say The Word

I'm holdin' on  
to pictures on my telephone  
and I know that I should let you go  
but it's hard to break away.  
I ask around  
and I wonder what you're doing now  
but I hear that you've been going out  
a little more these days.

Well, I can't lie that I think from time to time  
how you're doing  
but don't hang up cause  
what I really meant to say is

everything's wrong, nothing's going right  
just know that I'm not hard to find.  
So just say the word and I'll race to you tonight  
and I'll be right there by your side...holding on.

Remember when  
we were further than you'd ever been  
and I think about it now and then;  
it takes me to that place.  
When I pretend  
that I'm better than I've ever been  
well at least that's what I tell my friends  
cause I can't show my face

well, I can't lie that I think from time to time  
how you're doing.  
But don't hang up cause  
what I really meant to say

everything's wrong and nothing's going right  
just know that I'm not hard to find.  
So just say the word and I'll race to you tonight  
and I'll be right there by your side

it's hard enough to believe in something  
more than just pretend.  
And just because we both know it's over  
we could still be friends.

everything's wrong and nothing's going right  
just know that I'm not hard to find.  
So just say the word and I'll race to you tonight  
and I'll be right there by your side

and I'll be right there by your side  
(repeat)
