

Josh Rouse, Nice To Fit In

Communication with the eyes closed
Your keep your question and I'll throw the rope if I need it

If I ever should need it

Nice to fit in
Oh, It would be nice to fit in
Because I'm living on the outside of it all, of it all

Got to stay out of the ice cold
Warm shower and a pack of clothes, and it's nothing

It really is nothing

Isolation in the neighborhood
Strum-strumming on a piece of wood
You make something
You really make something

Nice to fit in
Oh, It would be nice to fit in
Because I'm living on the outside of it all, of it all

It's been a very long time, yes a very long time

And I really don't mind if you stop me 10 times to say
That you've been feeling so blind, but you think you'll survive

That's great. It's been very long time, yes a very long time
And you've waited in time

Nice to fit in
Oh, it would be nice to fit in
Because I'm living on the outside of it all, of it all
