

Josh Rouse, Oh, I Need All The Love

Ooh, ooh
Ooh, ooh
Open up and see me
I've been knocking at your door
This Toronto wind is cold
I'm lonely, say hello
You were on the inside
Your apartment, it is warm
Fleetwood Mac is on
I'll talk and then I'm gone

Oh, I need all of the love in your heart
Oh, I see all of the trouble I start
Ooh, ooh
Ooh, ooh

You live on the east coast now
And I live on the west
I'm stopped in time again
I'm drinking with old friends
So good to see you
How're things going, how you been
Start all over again
I'll see it to the end

Oh, I need all of the love in your heart
Oh, I see all of the trouble I start
Oh, I miss you, all those days we're apart
Oh, I need all of the love in your heart
Ooh, ooh
Ooh, ooh
Ooh, ooh
Ooh, ooh

Open up and see me
I've been knocking at your door
Chicago rain is cold
Oh, I need all of the love in your heart
Oh, I see all of the trouble I start
Oh, I miss you, all those days we're apart
Oh, I need all of the love in your heart
Oh, I need all of the love in your heart
