

# Joshua Bassett, Different

Darling how I missed you  
Two years not even friends  
And I'm trying not to kiss you  
'Cause we've seen how this can end

And my therapist would kill me  
If she knew that I was here  
But no one knows me like you know me dear  
And no one holds me how you hold me dear

I'm back in your arms  
But everything's changed  
Now we've been to hell and back again  
My biggest regret was walking away  
I'm not gonna make the same mistake

I know you're afraid we'll end up the same  
And the truth is we might  
But if we do this thing right  
Maybe this time it'll be different  
Maybe this time it'll be different  
Different

Now I'm late to catch a red eye  
I didn't think we'd end up here  
Yeah I'm already on cloud nine  
Don't want to head back down the stairs

And I didn't think you'd kiss me  
But I'm too in love to care  
So kiss me slow before I go my dear

I'm back in your arms  
But everything's changed  
Now we've been to hell and back again  
My biggest regret was walking away  
I'm not gonna make the same mistake

I know you're afraid we'll end up the same  
And the truth is we might  
But if we do this thing right  
Maybe this time it'll be different  
Maybe this time it'll be different  
Different

Make me yours and I'm not leaving  
I know for sure you're all I needed  
I can't believe I didn't see it  
We took our time with space we needed

I'm back in your arms  
But everything's changed  
Now we've been to hell and back again  
My biggest regret was walking away  
I'm not gonna make the same mistake

I know you're afraid we'll end up the same  
And the truth is we might  
But if we do this thing right  
Maybe this time it'll be different  
Maybe this time it'll be different  
Different
