

Joss Stone, Just one kiss

It was
That one kiss from you
That changed my life
In just a minute, girl
It was
That one kiss from you
That changed my life
Into a world of gold
It was just
That kiss from you
That showed me
What I truly
Needed most
Needed most
It was just
That kiss from you
That showed me life
Can be so beautiful
Beautiful, beautiful
Oohooh, oohooh
Oohooh, oohooh
It's like
You're taking the words
Right out of my mouth
(Yeah)
And say exactly
How I feel
(Yeah, yeah)
I could fool a few
But never you
Never you
So I keep trying
To find
Yeah
You sure picked
The right time, lady
(Hmm)
To come into my life
(You know I did)
One kiss from you
One kiss from you
And then I knew
Oohooh, oohooh
That this
Was something
Oohooh, oohooh
Just one kiss from you
That changed my life
In just a minute, girl
(Hmm, yes it did)
It was just
That kiss from you
(Oohooh)
That showed me life
Can be so beautiful
Beautiful, beautiful
Oohooh, oohooh
Oohooh, oohooh
Come on, girl
Come on, boy
Bring it on down
Bring it on down
Come on, girl
Come on, boy

Bring it on down
Bring it on down
Come on, girl
Come on, boy
Bring it on down
Bring it on down
