

# Joss Stone, Music (Outro)

Has love intentionally showed me that  
He or she hides in a the melody  
We say it's hard to find, you know that love divine we're all talking about  
Well I been wasting all of my time  
Cause music is my Mr. Right  
And I know this love will love me right

Confused my mind with ease  
It's taken over me happily, happily baby  
Happily play for me, happily play for me  
Happily baby, happily play for me  
Play for me Charlie, play for me baby  
Happily  
Happily, happily  
Happily baby
