

Journey, All The Way

(Rhodes / Cain / Schon / Augeri)

I kiss you and you pull away
It hurts when I see you hesitate
Mistakes I've made I wish I could take them back...
Say it's not too late to hear you...

[Chorus:]
Speak your heart and I will listen
Don't hold back we'll find what's missin'
I'll take you all the way
Close your eyes and think forever
If you believe we go together
I'll take you all the way

Sifting through the memories we have known
Looking back at places we have gone
Let's not leave behind what so few have found
Love ain't not always easy so...

[Chorus]
I'll take you all... the way
I'll take you all... the way
From the miles that come between us
To have faith in love and where it leads us
I'll take you all the way
I'll take you all the way
I'll take you all the way
From the miles that come between us
To faith in love and where it leads us
I'll take you all the way
