

# Joy Division, Twenty four hours

So this is permanence - love's shattered pride  
What once was innocence, turned on its side  
A cloud hangs over me, marks every move  
Deep in the memory of what once was love  
Oh how I've realized, how I wanted time  
Put into perspective, tried so hard to find  
Just for one moment I thought I'd found my way  
Destiny unfolded - I watched it slip away  
Excessive flashpoints, beyond all reach  
Solitary demands for all I'd like to keep  
Let's take a ride out, see what we can find  
A valueless collection of hopes and past desires  
I never realized the lengths I'd have to go  
All the darkest corners of a sense I didn't know  
Just for one moment I heard someone call  
Looked beyond the day in hand - there's nothing there at all  
Now that I've realized how it's all gone wrong  
Got to find some therapy - this treatment takes too long  
Deep in the heart of where sympathy held sway  
Got to find my destiny before it gets too late
