

Jucifer, Fight Song

I will be ready when it's time
to take advantage
see i give up what I want to
and the rest belongs to me
tell me when it's over aby
you'll know best when we get done
all the victories are taken
you'll see I've already wn

tell me when it's over baby
I won't notice that you're gone
all you moves are overrated
everything is wrong
no, don't stay
just go, don't stay
just

tell me when it's over
maybe I'll be kind and you on
all your thoughts are imitated
all your weaknesses are so strong
tell me when it's over baby
I won't notice that you're gone
all the past has demonstrated
we just can't go on
no, don't stay
just go, don't stay
just go
