

# Judas Priest, Panic Attack

Judas Priest prezentuje utwór "Panic Attack" (premiera 13 października 2023 r.). To pierwszy singel

The clamour and the clatter of incensed keys  
Can bring a nation to its knees  
On the wings of a lethal icon  
Bird of prey

It's a sign of the times when bedlam rules  
When the masses condone pompous fools  
And the scales of justice  
Tip in disarray

Panic Attack Panic Attack

Matters of fact fall on deaf ears  
While the bitter mobs ramp up their fears  
Go creeping round those corridors of power

As the dead heads gladly suffer sins  
While the euthanising then begins  
The clock is ticking down to doomsday hour

Panic Attack Panic Attack

Alien nations gleam  
Cybertronic schemes  
Fibre optic mass hypnotic  
Wild neurotic memes

Cynicism greed what you're fed  
Disconnecting from the world wide web

It don't matter about your choice  
Cause all you've got is an empty voice  
And there's no way left to tell what's right from wrong

There's still time left to do what's right  
Eliminate those parasites  
And force your mind amidst the angry throng

Panic Attack Panic Attack  
Disconnect the system

Panic Attack Panic Attack  
Euthanise the brain

Panic Attack Panic Attack  
Blind synthetic wisdom

Panic Attack Panic Attack  
Digitally criminally insane
