

# Judas Priest, Vicious Circle

Judas Priest prezentuje utwór "Vicious Circle" z płyty Invincible Shield" (premiera 8 marca 2024 r.).

You tear my soul apart  
By any means with wicked schemes cut deep  
The way that you contrive  
Makes me wonder how you ever sleep

Still i held out every chance  
You'd come back to your senses  
But that path was filled with smoke  
To prove what you intended

I stand against you as you rage  
My fate has struck your gilded cage  
I knew you'd bite and hurt us  
Vicious circle

A parody of truth  
Is mirrored in the mask you chose to wear  
With empathy so numb  
You never felt the lives that you despair

Master of hypocrisy  
Who dislocates by reason  
Through constant lies that you implant  
This manifest of treason

Provoked to go to any length  
I'll use up every ounce of strength  
And break the chain that binds  
This vicious circle

Still I held out every chance  
You'd come back to your senses  
But that path was filled with smoke  
To prove what you intended

I stand against you as you rage  
My fate has struck your gilded cage  
I knew you'd bite and hurt us  
Vicious circle
