

Judie Tzuke, Stay With Me Till Dawn

Is this a game you're playin'
I don't understand what's goin' on
I can't see through your frown
First you're up
Then you're down
You're keepin' me from someone
I want to know

But I need you tonight
(Need you tonight)
Yes I need you tonight
(Need you tonight)
And I'll show you a sunset
If you'll stay with me till dawn...

It's the same old situation
Every word so finely placed
Runnin' around
My concentration
Is the feelin' that I've just got to
Break out and say

Oh I need you tonight
(Need you tonight)
Yes I need you tonight
(Need you tonight)
And I'll show you a sunset
If you'll stay with me till dawn...

Is this a game you're playin'
Playin' with my heart
(Need you tonight)
Ooh stop playin' with my heart
(Need you tonight)
And I'll show you a sunset
If you'll stay with me till dawn...

Yes I'll show you a sunset
If you'll stay with me till dawn
