

Jughead, Flowers

I said I do, and I do
But I don't do the dishes and the windows
She said she do, and she done
But she don't turn the fishes into minnows
Can't stop my hands from shakin' ...no ...no

Today's the day, I'm on my way
I'm bringing flowers to the girl I love
I won't be late, I'm on my way
I'm bringing flowers to the girl I love

They said we do, and we done
But we won't turn our feathers into pillows
We said we do, and we don't
And we won't turn the tables on our fellows
Can't stop my head from aching ...no ...no

Today's the day, I'm on my way
I'm bringing flowers to the girl I love
I won't be late, I'm on my way
I'm bringing flowers to the girl I love

Everytime I turn around, catch you on the fly
When our ships are passing by, sail up to the sky

Today's the day, I'm on my way
I'm bringing flowers to the girl I love
I won't be late, I'm on my way
I'm bringing flowers to the girl I love
