

Jughead, Paging Willie Mays

You scream no fear, medallions on your ears
Are you the deal, with all your humble pride

Under the lights, it's only a game - october skies
Those were the days... paging willie mays

Gone is the class
You spit out broken glass
Are you for real
Strawberry's in the field?

Under the lights, it's only a game...
Under the lights, it's only a game...
Under the lights... paging willie mays
October skies... paging willie mays
Those were the days... paging willie mays
