

# Julia Michaels, If You Need Me

wish i could fix t  
i wish knew what to say  
bur everything feels like a lie these days  
don't know how not to feel that way  
they're reaching for reasons  
it's all gonna be ok.  
but everyone feels like a liar these days  
don't know how not to feel that way

but if you need me, I'll be right there  
when you're dreaming all your nightmares  
I'll come tackle the monsters  
I'll find where they hide in the nighttime  
if you need me, I'll be right there  
when you're happy and when you're scared  
I can still be your shoulder  
I'll be by your side  
even if I am not next to you

have I spent too much time on what we used to be  
and I making up details in the memories  
have I got too caught up on the you and me and thing?  
well, I am hoping not cause I loved what we got  
out of sight don't mean out of mind  
not in your space, but you're still in mine  
hope you don't think I could leave you like that

but if you need me, I'll be right there  
when you're dreaming all your nightmares  
I'll come tackle the monsters  
I'll find where they hide in the nighttime  
if you need me, I'll be right there  
when you're happy and when you're scared  
I can still be your shoulder  
I'll be by your side  
even if I am not next to you

well , time is friends whit distance  
but they ain't no friends ou ours  
and that's fine because  
well, time is friends whit distance  
but they ain't no friends of ours  
and that's fine because

if you need me, I'll be right there  
when you're dreaming all your nightmares  
I'll come tackle the monsters  
I'll find where they hide in the nighttime
