

Julia Szarlińska, How long | Przysłuchania w cieniu

Try to play it cool
I like you
Have me in your hand
Just like that
Wish I never told ya
It's killing me to wonder

You give, you give me

Empty promises of love
You're an honest man when you're drunk
Wish I never asked ya
But it's killing me to wonder
How long
How long

How long have you loved another
While I'm dreaming of us together
She got the best of you
Part of me always knew
How long have you tried to end it
While I'm blaming myself to fix it
How long
How long

Listen to my fears
Not my friends
They don't tell the truth
They like you
Wish I never told ya (but I told ya)
It's killing me to wonder (I wonder)

You give, you give me

Empty promises of love
You're an honest man when you're drunk
Wish I never asked ya
But it's killing me to wonder
How long
How long

How long have you loved another
While I'm dreaming of us together
She got the best of you
Part of me always knew
How long have you tried to end it
While I'm blaming myself to fix it
How long
How long
I need to know how
How long have you loved another
While I'm dreaming of us together
How long

I know love isn't fair
I know the heart wants what it wants
There's no way to prepare
For burning brutal rejection
I know it takes some time
To feel the pain of losing a lie

How long have you loved another
While I'm dreaming of us together
She got the best of you

Part of me always knew
How long have you tried to end it
While I'm blaming myself to fix it
How long
How long
I need to know how
How long have you loved another
While I'm dreaming of us together
How long
