

# Julie Reeves, Party Down

(P.R. Battle/Michael Garvin/Anthony Smith)

In the same breath you told me it was over  
You said in time I'd find somebody new  
And as you walk away I'm sure you wonder  
What will I do my first night without you

Party down, celebrate, paint the town, stay out late  
No more livin' in a never-ending heartache  
Free at last, life is great  
Hello world, I can't wait  
Oh what will I do without you around  
Party down

Forgive me if I don't come up with teardrops  
I've already done my cryin' over you  
Let me help you take your bags out to the pickup  
Cause once you're gone I've got some things to do

I made a vow to always stay with you  
But you didn't feel the same  
The way you treated me was a shame  
Now I'm gonna break these chains  
And I know just how I'm gonna do it

Oh what will I do without you around  
Party down
