

Julissa Valoz, Take Control

Take control
Be a man about it babe
Or I will take hold
and show you how to meet a lady cause
If you want it, come and get it
Don't be shy, cause you'll regret it
Just be a man about it baby come on just/ x2
Take control!

The night is just beginning
and I got plenty options
so boy why don't you tell me
what sets you apart from
the many men I got approaching me
so baby use this song to show me yea
I can't read your mind so
tell me what you want from me, from me
your body's telling it all
but baby why won't you speak to me!

Take control
Be a man about it babe
Or I will take hold
and show you how to meet a lady cause
If you want it, come and get it
Don't be shy, cause you'll regret it
Just be a man about it baby come on just/ x2
Take control!

What do I gotta do
do I have to sit down and teach you
do you even know what parts to use to please me
so I can please you babe
I need a man whose nice and strong
who give me love and so much more
who makes me shiver and quiver
so boy if you like my style
and think you can go the mile
and your a giver
boy can you deliver

Take control
Be a man about it babe
Or I will take hold
and show you how to meet a lady cause
If you want it, come and get it
Don't be shy, cause you'll regret it
Just be a man about it baby come on just/ x2
Take control
