

# Jump 5, For The Evening (Feat. Rose Falcon)

I wanna get close  
But I wanna get close  
So if you didn't mind  
I'm trying to find  
The way out of here  
Uh oh, uh no, let me go, let me know

Chorus:  
I shave myself with shaving cream  
It hurts so bad I couldn't scream  
But I don't wanna go  
I'll do it for the evening  
I try to do the best I can  
With everything made out of sand  
But if you wanna go,  
I'll do it for the evening  
For the evening  
For the evening
