Jump 5, Freeze-Frame!

Freeze frame!

I could see it was a rough-cut Tuesday Slow-motion weekdays stare me down His perfect picture got me wound Snap shot and it froze without a sound

Thursday morning was a hot-shot factor His face still focused in my mind Friday night we danced the spotlight grind Stop time heart for me if he's not mine

Freeze frame, freeze frame Freeze frame, freeze frame Freeze frame, freeze frame Freeze frame, whoo, and I freeze

Now I'm looking at a flashback Sunday Zoom lens feeling just won't disappear Closer for an image look so clear His hold on me has got so strong This freeze frame moment cant be wrong

Freeze frame, freeze frame Freeze frame, freeze frame Freeze frame, freeze frame Freeze frame, whoo, and I freeze

Snap shot and it froze without a sound

Freeze frame, freeze frame Freeze frame, freeze frame Freeze frame, freeze frame Freeze frame, whoo, and I freeze
