

# Jump 5, In My Heart

You pick up my dreams that need a jump start  
Give it all I can, I crash, and for what?  
You stick up for me when I fall hard  
Take down all my fear  
You're driving my thoughts around in my head  
So I won't break down around each bend  
With my foot on the pedal, I'll race ahead  
You ride this life with me

I am aware  
I can when You are here

(CHORUS)

You are in my heart  
You are in my heart  
When every little thing is falling apart  
You're beating in my heart  
You're beating in my heart

When the clock strikes night, and I'm in the dark  
Lonely here, and there You are  
When the lines get cut, and I feel far  
You're reaching out to me  
When I feel like a freak, the words You say  
Tell me to believe that I'm okay  
When I don't make sense 'cuz I'm this way  
You see the best in me

I am aware  
I can when You are here

(CHORUS 2x)

There's a lot that I can be,  
There's a buzz around You and me  
You're the sum of all I need  
I count the number of things you do for me

(CHORUS 2x)

You're beating in my heart
