

Jump Little Children, Just A Second

take care, take good care
make sure to come back soon
yes i know
you drive real fast
but your head is made of steel
lucky for you

don't forget, don't forget
your bags and your scratched up cds
\$75 and a bottle of sweets
will keep you at the wheel
thats what you need

bye now, goodbye now
i know you hate that word
later then
i'll see you soon
i know just how you feel
it'll have to do

(chorus)
just a second, i'll be right back
i,i,i,i
i forgot to give you something
i,i,i,i
i know that you're in a hurry
i,i,i,i
i'll be back in just a second

i know, i know you're late
you've got a long trip ahead of you
just two shakes
is all i need
i'm sure its worth the wait
close your eyes

my oh my oh she said
my what is getting dizzy
another time, i'll see you soon
it sure is getting late
another time

(chorus)
just a second, i'll be right back
i,i,i,i
i forgot to give you something
i,i,i,i
i know that you're in a hurry
i,i,i,i
i'll be back in just a second

(4x) go on and get out of here
go on and leave

take care, take good care
make sure to come back soon
yes i know
you drive real fast
but your head is made of steel
lucky for you
