

Jump5, Pressure

Pressure

Don't try to make me make mistakes
I won't forget
I don't need you to tell me
What I need to do
Just give it time, you'll see that I have a mind
And it's made up(2x)

PRE-CHORUS

I wanna be friends with you
Gonna do what I have to do
'Cause it's right, yea it's right
That's all right

CHORUS

Don't pressure me
Don't push me too far
I wanna do right with all my heart
Don't pressure me
What about your self-respect
I'm not like that(2x)

Don't have to prove nothing to you
There's no excuse
I've got a faith you need to take
A second look
My friend, you need to understand
I have a mind
And it's made up(2x)

Repeat Pre-Chorus
Repeat Chorus(2x)

BRIDGE

Don't have any doubt
What my life's about
I'm gonna show you
This is not my way
You can't take that away
Don't even try to

Repeat Chorus(2x)

Don't pressure me
