

# Jump5, Pressure

Pressure

Don't try to make me make mistakes  
I won't forget  
I don't need you to tell me  
What I need to do  
Just give it time, you'll see that I have a mind  
And it's made up(2x)

## PRE-CHORUS

I wanna be friends with you  
Gonna do what I have to do  
'Cause it's right, yea it's right  
That's all right

## CHORUS

Don't pressure me  
Don't push me too far  
I wanna do right with all my heart  
Don't pressure me  
What about your self-respect  
I'm not like that(2x)

Don't have to prove nothing to you  
There's no excuse  
I've got a faith you need to take  
A second look  
My friend, you need to understand  
I have a mind  
And it's made up(2x)

Repeat Pre-Chorus  
Repeat Chorus(2x)

## BRIDGE

Don't have any doubt  
What my life's about  
I'm gonna show you  
This is not my way  
You can't take that away  
Don't even try to

Repeat Chorus(2x)

Don't pressure me
